BRIEF ABSTRACT OF LETTER.

Submits his proposal in regard to the continuance of this Staff, and states that a separate detective staff for every Dt, independent of the regular staff but working under the direct orders of the Dt Excise Officer is necessary and that a separate independent Provincial Staff is still a superintendent over and above it is not needed.

NOTES AND ORDERS.

1. The Excise Commr now proposes to strengthen the regular District staff by one Inspector, one Asst Inspector, two Sub Inspectors & four peons for detection work in each district under the orders of the District

3. The Re-Commr was asked to forward as in Govt letter 6 minute his proposals to replace the present Provincial Detective Staff. His proposals have just been received & that too in an incomplete form. We would like to know the financial effect of the proposed change when accurately calculated. I fear the additional cost will certainly be very much greater than the present Govt & only as no provision has been made for this in the Budget for the next year.

Offg. Secretary to Govt.

11 I respectfully beg to differ from the opinions expressed by the Second Councillor and the Dewan Saheb. The discussions in the file No. 175 10 of January 1913, when the establishment under consideration was created, clearly show that the establishment was sanctioned temporarily for a short time in the face of much difference of opinion about its utility. The last paragraph of the Dewan's Submission Note dated 20th July 1912 in the file contemplated the abolition of " a good part of the proposed staff in the course of the year for which alone sanction was sought." But like all temporary establishments this establishment also once created has gone on from year to year. Now after 3 years' experience all the Deputy Commissioners and the Excise Commissioner endorse the view originally held by the Finance Department and the first Councillor , viz., that the establishment is superflous. It is admitted that it has not justified its existence but on the other hand, has created some hinderance to smooth working. It may be abolished at once with effect

In Government Order dated the 20th January 1915, the continuance of the Excise Detective Staff was sanctioned up to the end of June 1915 and the Excise Commissioner requested to submit proposals for placing this establishment on a more satisfactory footing.

Paper under disposal

2. The Excise Commissioner has accordingly submitted his proposals for strengthening the Regular District Staff. He is of opinion that a separate independent Provincial Staff is not necessary.

Page 4 of this Note

3. As the proposals have been received in an incomplete form and will take some time before final orders are passed thereon, the Council consider that the existing Provincial Staff may be further continued until the end of December 1915 and the Excise Commissioner requested to submit comprehensive proposals before the end of September next.

Page 5-6 of this Note

4. The Financial Secretary, however, is opposed to this recommendation, and thinks that the establishment should be abolished with effect from 1st July 1915.

5. Until the proposed scheme is carefully examined and approved by Government, a check establishment like the Provincial Detective Staff is absolutely necessary. In these circumstances, the recommendation of the Council may be approved.

attend to minor offences relating to breaches of license conditions etc. This appears necessary to avoid friction in detection work.

25 A proposition statement, indicating the financial effect of the present proposal, is sent up having been verified by the Comptroller. The proposal is to have the Estabt for one year temporarily. Perhaps the results of the change will be watched during this period.

If the Defective Superintendent and the Provincial Party are abolished and the Estabt, withdrawn from the Dts during the revision of 1913 (vide paragraphs 11 & 12 of the Excise Comm's letter of the 16th Dec 1913), is sent back, the extra cost involved will be Rs 495/- per mensem. The Comptroller states that the source from which this extra cost will have to be met is not pointed out. It is subd that if the Excise Comm's revised proposal is sanctioned, the entire cost for the current year has to be met from the lumpsum provision

of about Rs 9000/- in the Excise Budget. The question whether the cost of the ~~proposed~~ Estabt to be sanctioned can be met from the provision already made and what sum has to be provided later on is after July 1916, can only be decided after orders are known regarding the Estabt to be sanctioned and the period to which the same will be considered necessary. It may here be mentioned that when the detective Estabt was first sanctioned in 1912, Govt were of opinion that they were willing to spend some money for systematic detection work. 31 This is another instance of a temporary establishment brought into existence at first sight for serving a very temporary purpose----- not only endeavouring to perpetuate itself but even to expand in the very process of transition from temporary to permanent. The history of the case is contained in the late Dewan Mr. T. Ananda Rao's submission note of 20th July 1912 proposing ~~this~~ the creation of this temporary establishment. Owing to some cases of illicit distillation of arrack being detected in the Shimoga range it was considered necessary to call for " moderate proposals for the employment of a temporary detective staff". The Finance Department's view of the case was contained in my note dated the 30th April 1912 which is recorded in pages 16 and 17 of the file, containing the submission note referred to above. The first Councillor was in " hearty agreement" with those

those remarks of mine. The Dewan himself observed that " if inefficients were weeded out and replaced by efficient men, and if all men were at their legitimate posts, it should be possible to dispense with this additional establishment." In submitting the proposal for entertaining the temporary establishment the Dewan further remarked that " with District Excise Officers picked for their efficiency and special usefulness, perhaps a good part of the proposed staff can be dispensed with."

33. I have referred to the weighty opinion of experienced Revenue Officers because the excise revenue is a very important factor of our finances and everything should be done to prevent a leakage of legitimate revenue. But as has been clearly shown above opinion is not unanimous, that additional establishment is necessary to secure this end. In fact, the remarks of the then Dewan and the first member referred to above show that in their opinion it was proper training and proper handling of the existing establishment that is nevessary more than any additional eatablishment. For these reasons and also in view of the present financial situation I think that the proposal now before Government need not be sanctioned.

34. Why is it necessary to have a sharp distinction between preventive and detective functions of the Excise Department in each district and entirely separate establishments for discharging

GPB—20,000—30-6-15.

Serial No.

discharging these functions ? Is such distinction maintained in the Police Department in each district, the work of which is far more important than that of the Excise Department in the interests of the population ? Does not the idea of effective prevention involve detection also and do not the two functions go together ? In fact, as the ~~first~~ Member has observed in his note dated 1st July 1912 on the original case the whole Excise establishment exists for such work, i.e., prevention including detection. A separation of functions with separate establishment ~~was not~~ for ~~such~~ each function is in my opinion unnecessary.

35 The proposals of the Commissioner involve some expenditure over the present scheme cost. And after all, it is a matter of doubt if the proposed increase of Rs. will prove better results than we have had during the last three years under the Special Detective Dept. 39. In Government Order No. Fl. 7737-8/S.R. 66-14-6 dated 30th June 1915, the continuance of the Special Excise Detective Staff was sanctioned up to the end of December 1915, and the Excise Commissioner was requested to send up detailed proposals with figures etc., in the matter of its replacement by another suitable agency.

Paper under disposal

The Excise Commissioner has accordingly sent up his proposals which consist of organizing a detective -- section in connection with the regular District Staff by the addition of an Inspector and two Sub Inspectors and some peons for each District, and states that such an arrangement will be far more satisfactory and --- efficient than a separate independent provincial staff working under a highly paid Superintendent.

Pages 15 & 17 of Office notes

2. The Financial Secretary however thinks that just as in the Police, no distinction should be drawn --- between 'prevention' and 'detection', and considers that both functions are combined in the regular District Staff. He is accordingly opposed to the entertainment of any additional establishment.

Para 3 & 5, page 17 of Office notes

3. The Second Member is of opinion that it is --- doubtful if better results can be achieved by the proposed establishment than has already been achieved by the special staff these three years, and suggests that the present establishment may be broken up from the 1st January 1916, the question of organizing the --

SR 66-14

District Detective Establishment being taken up along with the general question of the re-organization of the Excise Department.

4. I am personally of opinion that the Excise Commissioner should have a mobile staff consisting of an Assistant of the rank of a District Excise Officer who can be told off for duty whenever required in any part of the State. He may be employed in Office working up special questions whenever there is no emergent -- detection work to attend to.

5. The whole question will be discussed and settled at an early meeting of the Council.

6. But pending a final decision in the matter orders are necessary as to whether the Special Staff should be abolished on the 1st January 1916, or may be continued sometime longer. The Superintendent represents that even if it is decided to abolish the establishment on the 1st January, the winding up of the office, and --- settlement of accounts and claims up to 31st December 1915, require some time, and requests that himself, one Sub-Inspector, who is working as a clerk, two office peons, and four orderlies may be continued till the 31st January 1916 for the purpose. The Excise Commissioner supports the request, and the Second Member has no objection. The retention of the Special Establishment on the reduced scale, as recommended above, till the end of February 1916 may be graciously approved.

Submits a modified proposal in the matter of the formation of a small mobile staff for detective duty and recommends that the Head Quarters Asst Commr (under his Collectorate), assisted by a party consisting of 1 Inspector, One Assistant Inspector, 2 Sub Inspectors and 6 peons at an extra cost of Rs 2784/- per annum may be tried for tentatively for a period of 2 years.

5q. The proposition statement forwarded with the papers under disposal gives roughly the extra expenditure involved in the proposal.

6d. The following points are subd for consideration in this connection.-

1. The Special allowance given the Assistant to the Dy. of Police for being in charge of the C.I.D is only Rs 75/- and the work of detection and management in the Excise Department cannot perhaps be considered to be so onerous & exacting as in the Police Dept.

2. Some extra provision will have to be made on account of travelling allowances for this

Submitted to His Highness.

76 The special Excise Detective Establishment which was first organised in Government Order No.Fl.133-5/S.R.175-10-7 dated 17th October 1912 and continued since then with minor changes, was abolished in February 1916 as per Government Order No.Fl.2864-5/S.R.66-14-9 dated 28th December 1915; and the Excise Commissioner was requested to send up proposals for a small head quarter mobile establishment under his direct charge, which could be told off for duty whenever required in any part of the State, the officer in charge being employed to work up special questions when there was no emergent detection work to attend to.

Paper under disposal. 77

2. Accordingly, the Excise Commissioner proposed that the Head Quarter Assistant Commissioner might be entrusted with this work and assisted by a small party consisting of an Inspector, an Assistant Inspector, 2 Sub-Inspectors and a few servants, this arrangement being tried for 2 years and involving an extra cost of about Rs.232 per mensem.

Page 35 of office note 78

3. The subject was discussed in Council who are of opinion that -

(i) a reserve staff consisting of an Assistant Commissioner and either an Inspector or two Sub-Inspectors may be sanctioned;

(ii) the staff may be used at the discretion of the Head of the Department;

(iii) the arrangement may be tried for a year; and

(iv) one clerk and the necessary menial establishment may be sanctioned on receipt of detailed proposals from the Excise Commissioner.

Sir,

Adverting to para 2 of Government Order No. Fl.3330-14/S.R. 66-14-2, dated 20th January 1915, and subsequent reminder thereon, calling for the submission of proposals in the matter of placing the Detective Staff on a satisfactory footing, I have the honor to submit herewith, for the information of Government, a synopsis in the form of a tabular statement of the opinions expressed by all the Deputy Commissioners excepting the Deputy Commissioner, Mysore District, from whom a report is yet due - in response to my requi-sition on the subject, together with the note in original, submitted by the Detective Superintendent and to state as follows:-

Judging from what I have been able to see of detection work done during the past twelve months and over by both the Pro-vincial and the District Detective parties, and bearing also in mind the crimes and malpractices reported to be prevalent in the State, it seems to me that, as opined by the Deputy Commissioner, Shemoga District, a case for the existence of a separate Provincial Detective establishment under a special Superintendent is not at all made out. Nevertheless, it is an admitted fact that detection work is not as good as it might be, and one, if not the chief, reason - - assigned for it, is, that the present preventive staff has its hands full-if it is not undermanned and underpaid also-and that a strength-ening of the staff by additional hands - with better pay and pros-pects - is absolutely necessary. From a perusal of the synopsis appended

appended it will be clear that the Deputy Commissioners have expressed themselves strongly in favour of this view and that the Detective Superintendent also recommends it in no less equal terms. In agreeing with this view of the Deputy Commissioners I should like to state that a separate Detective Staff for every District, independent of the regular preventive staff but working under the direct orders of the District Excise Officer, is, what is called for and requires to be provided. The staff need consist of one Inspector, one Assistant Inspector, 2 Sub-Inspectors and 4 peons in every District no distinction being made as between them. My reason for this is, that though Chitaldrug is larger in area than either Hassan or Kadur for instance, yet the latter being malnad areas require an equally large staff for efficient itineration. But, if in course of time it is found that Bangalore, Mysore, Kolar, or Shemoga or any other Districts, requires a further strengthening, additional hands may then be sanctioned. This is practically the establishment asked for work in the Districts by the Deputy Commissioners and, I think, it is a fair and reasonable demand. Even the Detective Superintendent wants this done though he would, which is not surprising, like to have a Provincial Superintendent as well with a separate staff under him. This latter, I am not prepared to recommend, not being convinced of the necessity for it. Experience has made it clear that a Provincial Staff under a Superintendent will never hit off with the regular District Staff, preventive or Detective, and that petty bickerings and playing at cross purposes mar the successful of the scheme. Further a multiplicity of masters or control never conduces towards efficiency or discipline in any Department or walk of life. So while I fully admit the necessity for having a Detective branch in addition to the regular preventive one in every District, I regret I do not stand convinced of the need for the existence of a separate check establishment under a Superintendent, and, independent of the District Excise Officers.

2. To sum up, I submit that I am only in favour of strengthening the regular District Staff with an additional Detective section and not, for the maintenance of an additional and independent

independent Provincial Staff with a Superintendent over and above it, and, if this idea meets with the approval of Government, detailed proposals with figures will be duly submitted.

I have the honor to be,
Sir,
Your most obedient servant,

P Raghavendra Rao

Synopsis of the opinions expressed

Bangalore District.	Kolar District.
States that the Detective staff has not realised expectations and that he does not think - that a case has been made out for the appointment of a central staff. Adds that in Kadur, Shimoga and portions of Hassan illicit distillation appears to be carried on and here a special - - detective staff under the Deputy Commissioner may be appointed. Further states that in other - - Districts, tapping without paying license fees goes on and that this cannot be stopped by a central staff and that their occassional inspection will - weaken the responsibility of the District Excise Officers.	1. States that he hardly thinks the staff justifies its existance, but if it is really considered necessary to keep on this establishment, recommends the adoption of the following proposals :- (a) The detective staff of each District to consist of one Inspector, One Sub-Inspector and Four menials. 2. Proposes that the Inspector has to be specially selected from men who have an aptitude for the work; 3. Recommends the grant of travelling allowance to the Inspectors and batta to Sub Inspectors and menials ; 4. States that the Head - Quarters of the staff to be the District Head Quarters and that it should work - under the immediate control and supervision of the - - District Excise Officer. 5. Adds that the work of the staff to be restricted to the detection of heinous - offences only, such as - - illicit distillation, smuggling etc.

Hassan District.	Kadur District.
Does not submit any definite proposals but states that the Detective party in the District consisting of a Sub Inspector and two menials may be allowed to be utilized when their - - services are most required by the District Excise Officer, any special instructions which the Detective Superintendent - may wish to convey to them - being done so through the - - District Excise Officer.	1. If the Detective staff is to turn out any real work - and to justify its existence considers that the following is the minimum establishment necessary for the District. One Assistant Inspector on Rs. 25 +15 Two Sub Inspectors on Rs. 15/each Four peons on Rs. 9/each 2. Proposes that they should get travelling allowance in addition as at present and suggests that they should be encouraged with suitable - - rewards. 3. States that the above establishment should not be withdrawn from the existing establishment and that they should be entertained at additional cost. 4. Suggests that in selecting men for this work, men who have been working in - the District and are acquainted with the local conditions would be far more useful than any staff imported from - - outside.

(64

by all the Deputy Commissioners.

Tumkur District.	Mysore District.
Is not in favour of the Detective establishment and states that no appre--ciable benefit has been derived by the maintenance of the District Detective Party and that in the - interest of the smooth - working of the ordinary Range Excise Staff, the District Detective Party may be done away with on the expiry of its present tenure at the end of June next.	Proposals from this District are yet due. (Reminders have failed to elicit any response).

Shimoga District.	Chitaldrug District.
1. States that the - maintenance of a - District Detective Party independent of the Range Staff is not a satisfactory arrangement and - - suggests the following proposals :- i. One Sub Inspector and four peons to be placed under the Excise Inspector Shimoga and another simi--lar Party under the - Excise Inspector Honnali for detective work and these could when consider--ed desirable by the - District Excise Officer and Deputy Commissioner be transferred to duty in other ranges under the - control of the respective Range Inspectors. 2. Proposes that the men taken from the several - Range Staffs to form the detective party should be restored to the Ranges - concerned. 3. States that there would be no need for a Provincial Detective Party as there are no special problems of detection in the Excise Department in this Province.	1. Considers that an officer of the status of Excise - - Inspector with a sufficient number of men to help him is necessary and proposes the following establishment; One Excise Inspector for each District. Two Sub Inspectors -do- Six peons -do- 2. States that the establish-ment should be organised - - separately at additional expense to Government and that it is not desirable to take out a few men from the general staff to the Detective Party and thereby impair the - - efficiency of both; 3. Proposes that the above staff should work under the general supervision and - - orders of the Deputy Commissioner and the District Excise Officer of the District. 4. States that it is unnecessary to maintain a duplicate party known as the Provincial Detective Party.

SIR,

I have the honor to forward herewith duly verified a proposition statement in duplicate for the revision of the Special Detective Staff of the Excise Dept which was received with letter No. 1130 dated 21st August 1915 from the Excise Commissioner.

The proposition is to do away with the existing provincial and district Detective Staff and also the separate appointment of the Detective Staff Superintendent costing in all Rs. 737/- per mensem and to strengthen the regular staff with an additional Detective Section attached to it. The revision is proposed to be tentative for one year. The total cost of the proposition amounts to Rs. 1,008/- per mensem or Rs. 12,096/- per annum as follows:-

8	Inspectors at Rs. 40/- each ...	Rs. 320
16	Sub-Inspectors at Rs. 12/- each	192
32	Peons ... Rs. 8/- ,, ...	256
	Allowances ~~Offices~~ to 8 Inspectors at Rs. 20/ each	160
	16 Sub-Inspectors at Rs. 3/ ,,	48
	32 Peons at Re. 1/- each	32
	Total	Rs. 1008

But the Excise Commissioner proposes to send back the permanent establishment which was previously withdrawn from the ranges after the proposed revision is sanctioned The financial effect of the proposition

OFFICE OF THE EXCISE COMMISSIONER IN MYSORE,

Camp Tumkur, ~~Bangalore~~, dated 21 11 1915

My dear Thyagaraja Iyer

I send enclosed for your information - copy of D.O letter No 415 of 15.11.15 from the Detective Superintendent to me which I think will speak for itself. There is force in the suggestion put forward by him in it. And it seems to me that the matter is one which requires careful

No. 415. Bangalore, Dated 15th November 15.

Sir,

As the period for which the Provincial Detective staff was sanctioned expires on the 31st December 15, and as it is not yet known whether the establishment will be continued on a more satis-factory basis, or abolished, from the 1st January 1916, I am un-able to chalk out a programme of operations; and also to adjust my domestic affairs. The closing of the accounts and other work necessary if it is intended or rather decided to abolish this - - establishment will take some time, and I will have to give the necessary notice to my landlord and make arrangements to shift my family etc. in time.

I would therefore beg to be kindly informed, if I should - - prepare to close the establishment and the office accounts and records from the 1st January 1915; in which case the operations will have to be curtailed and necessary steps taken to send back as many members as can be spared forthwith to their respective - - ranges.

I would further beg to represent that the closing of the - - office and settlement of accounts and claims up to 31st December 1915, cannot be done perfunctorily or in a hurry, because this establishment has been in existence for over three years, and it is necessary that I should personally attend to all matters connect-ed with the accounts, pay and travelling allowance bills etc., and finally adjust them and hand over to the Excise Commissioner's office, to avoid being troubled with future explanations; and it is, therefore, necessary that the Superintendent, one Sub-Inspector who is working as clerk, and the two office peons and four Super-intendent's orderlies should be continued till the 31st January 1916. Within this period every thing necessary and possible will be done to finally close all the records and adjust all claims, and this will save future trouble and unnecessary correspondence.

I would, therefore, beg that I may be kindly informed where

where I will have to go on my relief from this special duty and that whether I may send my personal effects to the place in question in advance. I need hardly request represent that the breaking up one's home and establishment, after a lengthy stay here, and refitting ones self with the convevances and other articles necessary for the efficient performance of District duties, requires some time; and considering that I have organised and worked this special establishment under most - - difficult and unpleasant conditions, and secured results which must be admitted by any unbiassed judge, to be more than satisfactory in the circumstances, I believe that I may not be asking too much in my addressing you and requesting for sufficient and timely notice.

Begging to be excused,

Yours obediently,

(sd) M.A.Sherieff.

OFFICE OF THE EXCISE COMMISSIONER IN MYSORE.

Bangalore, dated 4th March *191*6.

FROM

P. Raghavendra Rao, Esq., B.A., B.L.,
Excise Commissioner in Mysore.

To

V.R. Thyagaraja Iyer, Esq., M.A.,
Secretary to the Government of
His. Highness the Maharaja of Mysore,
Revenue Departments.
Bangalore.

Sir,

Adverting to your official letter, No. Fl. 3600/S.R.66-14, dated 28-1-'16, and with reference to further correspondence ending with your D.O. letter No. Fl.3762, dated 5-2-'16, I have the honor to state that the establishment of a small head quarter mobile --- staff, on the general lines indicated in your official letter, in charge of an officer of the rank of an Amildar, would be practically reviving the old system abolished by Government themsleves in their Order No. Fl. 2864-5/S.R.66-14-9, dated 28th December '15. The defects of the old system-how it did not, and could not, make for smooth working, etc., have all, however, been dwelt upon at great length in my previous letters to Government and I need not expatiate on the matter now. (vide letters No. 4170, dated 10-12-'14 and 9321, dated 28-5-'15)

2. Since, however, Government are in favour of a mobile staff and I am only permitted to offer my suggestions and arguments for constituting the staff on some other lines, I beg to state that, after a further consideration of all facts, it seems to me that the smoothest and simplest arrangement is to put the Head Quarter Assistant in charge of the staff, subject of course, to my general control.

3. The main reasons which incline me to take this view are:-

(i)

SUBJECT.

(i) that the question of providing useful work to the Amildar and the staff, when not engaged on Detection work is not easy of solution. An Amildar is too high an Officer to be wasted upon mere routine work, while his knowledge of the details of the technical work of the Department is far too meagre to admit of his employment on the "working up of special questions" to yield any valuable results. With the Head Quarter Assistant, it is just the reverse. His knowledge of the general -- policy and principles of the Department, as also his daily intimate acquaintance with all the details of the work going on in the Department, would be of immense help to him in such matters,

(ii) that the arrangement now proposed is calculated to minimise friction between the Detective Staff and the local officers, as the Head Quarter Assistant would practically represent the Excise Commissioner in the work. His advent and that of the Head Quarter mobile staff is less likely to be felt as an intrusion or -- indignity, being construed more as the normal check and supervision exercised over the Districts by the -- Head Office. It is, it seems to me, less likely to cause small jealousies. Thus attempts at mutual thwarting and belittling of each others work, between the Detec--tive and the local staffs would be avoided to the -- fullest extent possible and the system would stand a better chance of yielding good results, though I am not sanguine that even this arrangement would be quite a welcome one to the District authorities and receive their unstinted sympathy or support,

(iii) that it is also the most economical arrangement under the circumstances and ensures to Government, the maxi--mum of results with minimum of outlay. A glance at the appended Memo will show that the annual cost of the old establishment was Rs. 5448/- while that of the staff with an Amildar at its head on the lines indicated in your official letter of 26-1-'16 would be Rs. 4584/-. The cost of the establishment, on the lines proposed by me would, however, be Rs. 2784/- only, thus effecting a saving of Rs. 1800/- to Government at the least,

(iv) I may also venture to point out that this was the -- view taken by Government when the subject of a Detect--ive Staff was first mooted in 1909, during Mr. Sparke's tenure of office as Excise Commissioner. (Vide para 3 of this office No. 74170, dated 10-12-'14). It seems to me to be the most natural as well as the simplest arrangement; one that is likely to be felt on all sides as in the normal order of things.

4. If the scheme is to succeed at all, it seems to me that this is the manner in which it can be best organised. I would suggest, therefore, that the system may be tried tentatively for, say, two years with effect from 1st April next, and its continuation or aboli--tion decided upon at the end of that period in the light of experi--ence gathered in the interval.

5. A Memorandum showing the duties to be performed by the Head Quarter

Duties to be performed by the Head Quarter Detective Establishment.

1. Patrolling groves and scenes of illicit distillation or other malpractices and collection of intelligence generally as to serious offences under Excise Law.

2. Occasional surprise visits by the Head Quarter Assistant Commissioner to Bonded Depots, Excise shops and groves, either on information received or otherwise. Frontier shops and groves to be paid special attention to, with a view to check smuggling etc.

N.B. Any irregularities detected in the course of the above will be invariably and promptly communicated to the District authorities for necessary action.

3. Assisting the District Excise Officers and their staffs in the detection and investigation of difficult and complicated cases, on the requisition of District Officers.

4. Enquiries into serious complaints, petitions etc., as may be ordered by the Excise Commissioner, with the co-operation of the District officers (To be conducted generally on the lines laid down in Government Order No. 408-454/E.A.3-15-1, dated 3rd September '15 for the guidance of Efficiency audit officers).
